### NOTICE TO BIDDERS:

This project is subject to the **Pennsylvania Prevailing Wage Act**. The following provisions will apply to this contract:

1. The general prevailing minimum wage rates including contributions for employee benefits as determined by the Secretary of Labor and Industry shall be paid to the workmen employed in the performance of the contract. The contractor shall pay at least the wage rates determined in the decision of the Secretary (attached hereto) and shall comply with the conditions of the act approved August 15, 1961, and the regulations issued thereto, to assure the full and proper payment of the rates.
2. Workmen shall be paid at least the general prevailing minimum wage rates and other provisions to assure payment thereof as set forth in these provisions.
3. These provisions apply to work performed on the contract by the contractor and to work performed on the contract by subcontractors.
4. The contractor shall insert in each of his subcontracts the stipulations contained in these required provisions and other stipulations as may be required.
5. The contractor shall provide that no workmen may be employed on the public work except in accordance with the classifications in the decision of the Secretary. If additional or different classifications are necessary, the procedure in §9.107 of the Regulations (relating to petition for review of rates and hearings) shall be followed.

The contractor shall provide that workmen employed or working on the public work shall be paid unconditionally, regardless of whether a contractual relationship exists or the nature of a contractual relationship which may be alleged to exist between a contractor, subcontractor and workmen, at least once a week, without deduction or rebate, on any account, either directly or indirectly except authorized deductions, the full amounts due at the time of payment, computed at the rates applicable to the time worked in the appropriate classification. Nothing in the contract, the act, or the regulations, prohibits the payment of more than the general prevailing minimum wage rates as determined by the Secretary to a workman on public work.
7. The contractor and each subcontractor shall post for the entire period of construction the wage determination decisions of the Secretary, including the effective date of changes thereof, in a prominent and easily accessible place or places at the site of the work and at the places used by them to pay workmen their wages. The posted notice of wage rates shall contain the following information:

  - iii) The crafts and classifications of workmen listed in the Secretary's general prevailing minimum wage rate determination for the particular project.
  - iv) The general prevailing minimum wage rates determined for each craft and classification and the effective date of changes.
  - v) A statement advising workmen that if they have been paid less than the general prevailing minimum wage rate for their job classification or that the contractor or subcontractor are not complying with the act or regulations, they may file a protest in writing with the Secretary within 3 months of the date of the occurrence, objecting to the payment to a contractor to the extent of the amount due or to become due to them as wages for work performed on the public work project. A workman paid less than the rate specified in the contract shall have a civil right of action for the difference between the wage paid and the wages stipulated in the contract, which right of action shall be exercised within 6 months from the occurrence of the event creating the right.
8. The contractor and subcontractors shall keep an accurate record showing the name, craft or classification, number of hours worked per day and the actual hourly rate of wage paid, including employee benefits, to each workman employed by him in connection with the public work.   11. Payment of compensation to workmen for work performed on public work on a lump sum basis, or a piece work system, or a price certain for the completion of a certain amount of work, or the production of a certain result shall be deemed a violation of the act and the regulations, regardless of the average hourly earnings resulting therefrom.
